

- 1 We don't race locomotives, or fly through the air
You won't see us on your TV, but we're everywhere
- 2 We can't leap tall buildings, not even in a single bound
You won't find us in your papers, but we're all around

chorus

We're Superkids, Superkids
Yeh we're Superkids, Superkids

- 3 You might catch us in the playground, or see us out in the street
You'd better watch out who you talk to, we could be anyone you meet
- 4 It could be your little sister, you don't know who it's gonna be
It doesn't have to matter, because it's only you and me

chorus

- 5 You can be a super hero, welcome to the show
You can live your daydream, if you just let yourself go

chorus

instrumental break

- 6 Watch out everybody, don't you hear what we say?
You know we got it all together, now we're comin' your way

chorus

We're Superkids, Superkids
Yeh, we're Superkids, Superkids
